

Shipping

A basic list of guidelines for shipping your firearm(s) to us :

1. Full handguns must be shipped by NEXT DAY AIR either UPS or FedEx. You CANNOT ship full handguns by USPS. Shotguns &

Rifles may be shipped via ground service, check with your carrier for details.

2. Take it to a service center, not the UPS Store, any pack and ship place, or drop box.

3. UPS and FedEx require you to notify them you are shipping a firearm. Declare it as an 'unloaded firearm going in for repair'.

4. BE SURE IT IS UNLOADED! DO NOT INCLUDE AMMUNITION WITH YOUR GUN.

5. Pack it well, separating the frame and slide if an auto and wrapping thoroughly

6. Insure it for replacement value, insurance is CHEAP.

7. Ship it to:

ECPW

1920-B Tower Industrial Dr.

Monroe, NC 28110

8. Do not put GUN, FIREARM, or our full company name on the outside of the package

9. Include your contact details in the box - VERY IMPORTANT.

10. Give a thorough description of what you want done to your firearm, don't assume we'll remember our conversation with you.

If you are unclear about any of these instructions, please contact us prior to shipping.
